WILSON LAKE UPDATES

- A. Lake Plan Updates
 1. Met with Claire Hetzel the Water Resource Management Specialist with the DNR on August 28th. We toured the lake and reviewed the weed concerns.
 2. I told Claire we had a good Lake Plan that was outdated but we had a subcommittee was going to update. Claire expressed concerns with it being ten years old and highly recommends the Plan be prepared by consultants,
 3. We can apply for a Grant from the DNR that would cover up to 67% of the cost. There is no cost to apply so an application was submitted. The 33% that the lake would be responsible for can be partially offset with volunteer hours.
 4. Complete the Grant Project Resolution Form and signed off by District.
 5. We have one quote of \$10k. Two more quotes will be obtained. Final submission is due mid-November.
- B. Oxygen meter has been ordered.
